SUVRAJIT BHATTACHARJEE

Contact information

Wydział Matematyki (Sekretariat 2009),
Uniwersytet w Białymstoku,
ul. Ciołkowskiego 1M,
15-245 Białystok,
Poland.

suvra.bh@gmail.com

https://suvrajitbhattacharjee.github.io

Research interests

Operator algebras, quantum groups and noncommutative geometry.

Education

Ph.D. in Mathematics, Indian Statistical Institute, Kolkata, India. (Dec. 2020)[1]

M.Sc. in Mathematics, Ramakrishna Mission Vivekananda University, Kolkata, India. (Jun. 2015)

B.Sc. in Mathematics, University of Calcutta, Kolkata, India. (Jun. 2013)

Employment

Postdoc, Wydział Matematyki, Uniwersytet w Białymstoku, Białystok, Poland. (Jul. 2025 – present)

Visitor, Statistics and Mathematics unit, Indian Statistical Institute, Kolkata, India. (Apr. 2025 – Jun. 2025)

Postdoc, Matematisk institutt, Universitetet i Oslo, Oslo, Norway. (Apr. 2023 – Mar. 2025)

Postdoc, Matematicko-fyzikální fakulta, Univerzita Karlova, Prague, Czech Republic. (Apr. 2022 – Mar. 2023)

Postdoc, Department of Mathematical Sciences, Indian Institute of Science Education and Research, Kolkata, India. (Dec. 2021 – Feb. 2022)

Visitor, Statistics and Mathematics unit, Indian Statistical Institute, Kolkata, India. (Jan. 2021 – Nov. 2021)

Postdoc, Instytut Matematyczny, Polskiej Akademii Nauk, Warsaw, Poland. (Could not join due to travel restrictions caused by the pandemic)

[1]My thesis is available from my web page.

Publications[2]

Cartan subproduct systems, Commun. Math. Phys., to appear, 2026 (with O. Giselsson and S. Neshveyev).

Quasi-invariant lifts of completely positive maps for groupoid actions, Math. Proc. Camb. Philos. Soc., vol. 180, 2026 (with M. Forough).

Equivariant C^*-correspondences and compact quantum group actions on Pimsner algebras, Can. J. Math., vol. 77, 2025 (with S. Joardar).

Braided quantum symmetries of graph C^*-algebras, Int. J. Math., vol. 35, 2024 (with S. Joardar and S. Roy).

Complex structures on three-point space, QP–PQ: Quantum Probab. White Noise Anal., vol. 32, 2024 (with D. Goswami).

Anyonic quantum symmetries of finite spaces, Lett. Math. Phys., vol. 113, 2023 (with Anshu, A. Rahaman and S. Roy).

Levi-Civita connections from toral actions, J. Geom. Phys., vol. 181, 2022 (with S. Joardar and S. Mukhopadhyay).

Quantum Galois groups of subfactors, Int. J. Math., vol. 33, 2022 (with A. Chirvasitu and D. Goswami).

Generalized symmetry in noncommutative (complex) geometry, J. Geom. Phys., vol. 166, 2021 (with I. Biswas and D. Goswami).

Hopf coactions on odd spheres, J. Algebra, vol. 539, 2019 (with D. Goswami).

Talks

Crystallization and K-theoretical aspects of the quantum twistor bundle, Noncommutativity along the North sea, Matematicko-fyzikální fakulta, Univerzita Karlova, Prague, Czech Republic. (Aug. 2026)

Lecture series on Groups, C^*-algebras and K-theory, XV School on Geometry and Physics, Wydział Matematyki, Uniwersytet w Białymstoku, Białystok, Poland. (Jun. 2026)

Crystallization and K-theoretical aspects of the quantum twistor bundle, Noncommutativity behind the dunes, Faculteit Elektrotechniek, Wiskunde en Informatica, Technische Universiteit Delft, Delft, The Netherlands. (Oct. 2024)

Braided quantum groups and their actions, Noncommutativity along the North sea in Odense, Institut for Matematik og Datalogi, Syddansk Universitets, Odense, Denmark. (Aug. 2024)

Equivariant lifting problem for continuous fields of completely positive maps, Operator Algebra Seminar, Matematisk institutt, Universitetet i Oslo, Oslo, Norway. (Sep. 2023)

[2]All my publications are available from my web page.

Equivariant lifting problem for continuous fields of completely positive maps, Quantum Groups and Noncommutative Geometry in Prague, Matematicko-fyzikální fakulta, Univerzita Karlova, Prague, Czech Republic. (Sep. 2023)

(Equivariant) lifting problem for completely positive maps, Statistics and Mathematics unit, Indian Statistical Institute, Kolkata, India. (Jul. 2023)

Actions of compact quantum groups 2, NCG&T Malý Seminar, Prague, Czech Republic. (Nov. 2022)

Actions of compact quantum groups 1, NCG&T Malý Seminar, Prague, Czech Republic. (Nov. 2022)

An introduction to (braided) quantum groups, Inter IISER-NISER Math meet, Department of Mathematical Sciences, Indian Institute of Science Education and Research, Kolkata, India. (Jun. 2022)

Kasparov product and its properties, NCG&T Malý Seminar, Prague, Czech Republic. (Apr. 2022)

Braided quantum symmetries of graph C^*-algebras, NCG&T Seminar, Prague, Czech Republic. (Apr. 2022)

Kasparov modules and constructions, NCG&T Malý Seminar, Prague, Czech Republic. (Apr. 2022)

Braided quantum symmetries of graph C^*-algebras, Quantum Groups Seminar, Copenhagen, Denmark. (Mar. 2022)

Generalized Symmetry in Noncommutative Complex Geometry, Quantum flag manifolds, Matematicko-fyzikální fakulta, Univerzita Karlova, Prague, Czech Republic. (Sep. 2019)

Events

Co-organizer of the noncommutative geometry session of IWOTA 2025, University of Twente, Enschede, The Netherlands. (Jul. 2025)

Co-organizer of the workshop Geometry and Analysis of Quantum Groups 2023, University of Oslo, Oslo, Norway. (Nov. 2023)

Visits

Prof. Anna Wysoczańska-Kula, Instytut Matematyczny, Uniwersytetu Wrocławskiego, Wrocław, Poland. (Jun. 2026)

Prof. Sara Azzali, Dipartimento di Matematica, Università degli Studi di Bari Aldo Moro, Bari, Italy. (Apr. 2026)

Prof. Adam Skalski, Instytut Matematyczny, Polskiej Akademii Nauk, Warsaw, Poland. (Feb. 2026)

Dr. Marzieh Forough, Matematický ústav, Akademie věd České republiky, Prague, Czech Republic. (Oct. 2025)

Dr. Michal Doucha, Matematický ústav, Akademie věd České republiky, Prague, Czech Republic. (Feb. 2025)

Prof. Debashish Goswami, Statistics and Mathematics unit, Indian Statistical Institute, Kolkata, India. (Jul. 2023)

Prof. Adam Skalski, Instytut Matematyczny, Polskiej Akademii Nauk, Warsaw, Poland. (Aug. 2022)

Dr. Réamonn Ó Buachalla, Matematicko-fyzikální fakulta, Univerzita Karlova, Prague, Czech Republic. (Mar. 2022)

Dr. Soumalya Joardar, Department of Mathematical Sciences, Indian Institute of Science Education and Research, Kolkata, India. (Feb. 2020)

Dr. Sutanu Roy, School of Mathematical Sciences, National Institute of Science Education and Research, Bhubaneshwar, India. (Apr. 2018; Nov. 2019)

Prof. Arup Pal, Statistics and Mathematics unit, Indian Statistical Institute, Delhi, India. (Jan. 2018)

Prof. Indranil Biswas, School of Mathematics, Tata Institute of Fundamental Research, Mumbai, India. (Nov. 2017)

Teaching

Riemannian Geometry, teaching assistant. (Fall 2019)

Linear Algebra, teaching assistant. (Fall 2018)

Lie Groups and Lie Algebras, teaching assistant. (Spring 2018)

Awards

Fields Institute Thematic Program in Operator Algebras, Postdoctoral Fellowship. (Fall 2023)

Science and Engineering Research Board, India, National Postdoctoral Fellowship. (2021 – 2023)

National Board for Higher Mathematics, Postdoctoral Fellowship. (2021 – 2023)

Indian Institute of Science Education and Research, Postdoctoral Fellowship. (2021 – 2023)

Indian Statistical Institute, Ph.D. Fellowship. (2015 – 2020)

National Board for Higher Mathematics, Ph.D. Scholarship. (2015 – 2020)

Council of Scientific and Industrial Research, Ph.D. Scholarship. (2015 – 2020)

National Board for Higher Mathematics, M.Sc. Scholarship. (2013 – 2015)
